GapMinder

[GapMinder](#), - GapMinder is a Venture Capital Fund, targeting IT Software and Services start-ups in Romania and Central Eastern Europe.

We sit at the heart of the fastest growing European country with a distinctive technological ecosystem being the third global market for quality and speed of Internet connectivity. In a dynamic and growing start-up ecosystem, we are committed to support passionate and thoughtful founders to become global entrepreneurs and to rewrite the place of Romania in the global tech arena

Early Game Venture

[Early Game Venture](#) - We are an early-stage venture capital firm investing in companies that jumpstart new industries in the emerging markets of Europe. Every year we select 5 or 6 early-stage startups for a highly tailored and very intensive acceleration program. Every startup will work closely with one partner of the fund and will have access to exactly the kind of resources it needs. The selection is made on a rolling basis: no submission deadlines, no cohorts, only the best startups are accepted. We invest up to €200,000 per startup.

Morphosis Capital

[Morphosis Capital](#) – is a powerful bridge between local entrepreneurship and global standards. We are a “glocal” team with operational expertise. We strive to make the entrepreneurs’ ambition for expansion a reality. We partner with strong entrepreneurs who have a vision for their businesses to become regional and national champions. We apply our operational expertise and network in addition to deployed capital, in order to unlock growth for SMEs with high potential to become success stories. We look for businesses in high growth sectors such as consumer, niche healthcare, technology and B2B services with EBITDA of 500k+ EUR, in which we can invest between 5 to 15 million EUR.

Roca X

[Roca X](#) - We are a project aimed for disruptive businesses at the beginning of the road: young entrepreneurs with revolutionary ideas in the technology area, in the MVP or prototype stage, with the vision of having an impact in society and with the passion to turn this desire into reality. ROCA X is building a solid and much needed bridge for startups between the support offered by business angels which are nurturing ideas in their infant stage and the upper stage VCs providing growth support for the companies teenage times. ROCA X is part of Impetum Group, together with CITR and ROCA.
